

AirPouch Stock Pillow List

Automated Packaging Systems is the originator and sole manufacturer of genuine AirPouch™ void-fill air pillows. Since 1962, we have been committed to providing the highest quality poly bags with the shortest lead times in the industry.

Our US plastics manufacturing processes are certified to ISO 9001/2000. Material uniformity and integrity exceed quality standards established by the Flexible Packaging Association (FPA). With multiple manufacturing facilities in the US and Europe, we offer the largest plastic manufacturing capacity to ensure your supply chain remains constant.

The AirPouch Express 3 Void-fill System uses EarthAware™ biodegradable (EGDC) and recycled material (RGT) for strong, durable air pillows that improve protection while reducing packing and shipping costs yet are environmentally friendly. Also available is DC2, a specially formulated, linear low density polyethylene with superior durability, puncture-resistance, clarity and strength.
